

Cisco Guided Study Groups

Unleash the power of collaborative learning

It's time to study for your certification exam!

But sometimes we all need a hand staying on task.

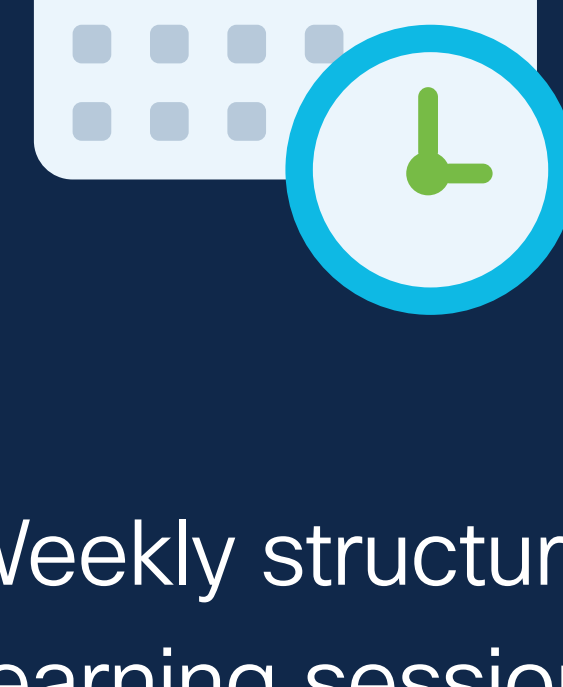

- Someone who knows the ropes
- Many ways to learn the content
- Classmates to study and practice with

Cisco® Guided Study Groups can help.

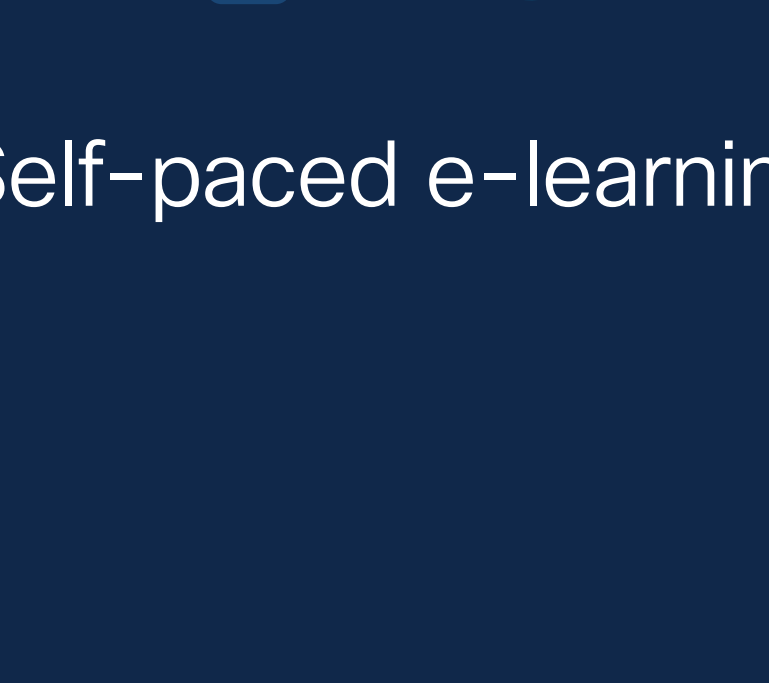

Each Study Group is a multi-week, expert-led learning experience to help you prepare step by step, including

A dedicated learning coach to work with you individually and provide accountability

Weekly structured learning sessions

Self-paced e-learning

Learning coach accessible via Cisco Webex® during designated hours

What else does a Study Group offer?

- Hands-on labs for real-world practice
- A community of like-minded learners
- A 180-day subscription to certification-specific e-learning courses
- A 180-day subscription to a certification-specific Cisco Exam Review
 - 1 certification exam voucher, good for 180 days

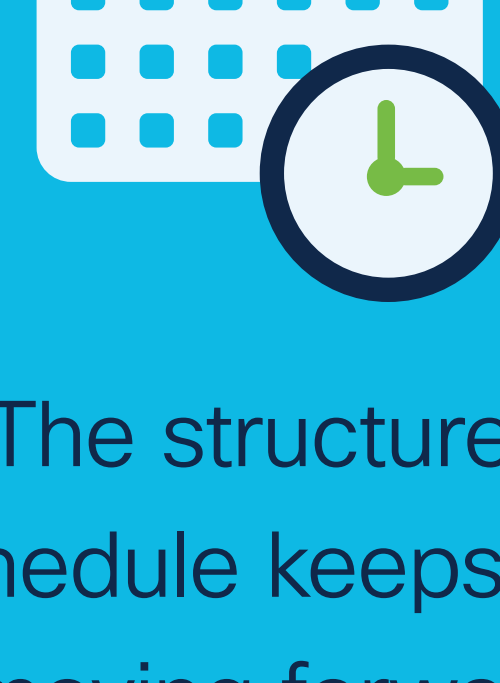

Guided Study Groups are now available for CCNA® and Cisco Certified DevNet Associate exam prep.

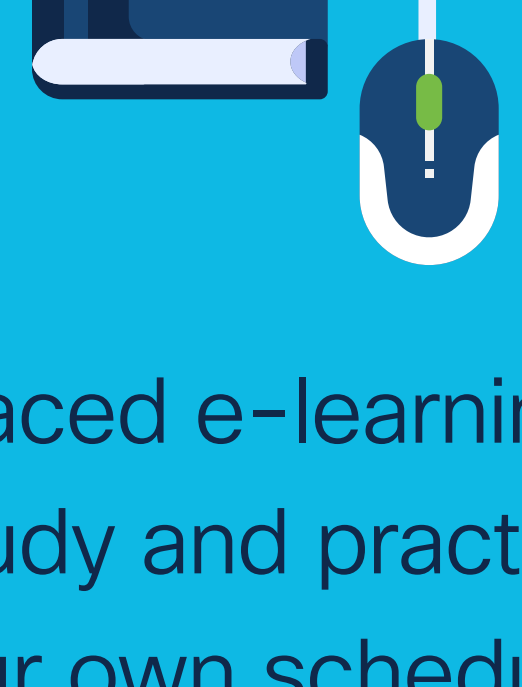

This blended learning approach can keep you on track

Accountability to an expert learning coach helps keep you on track

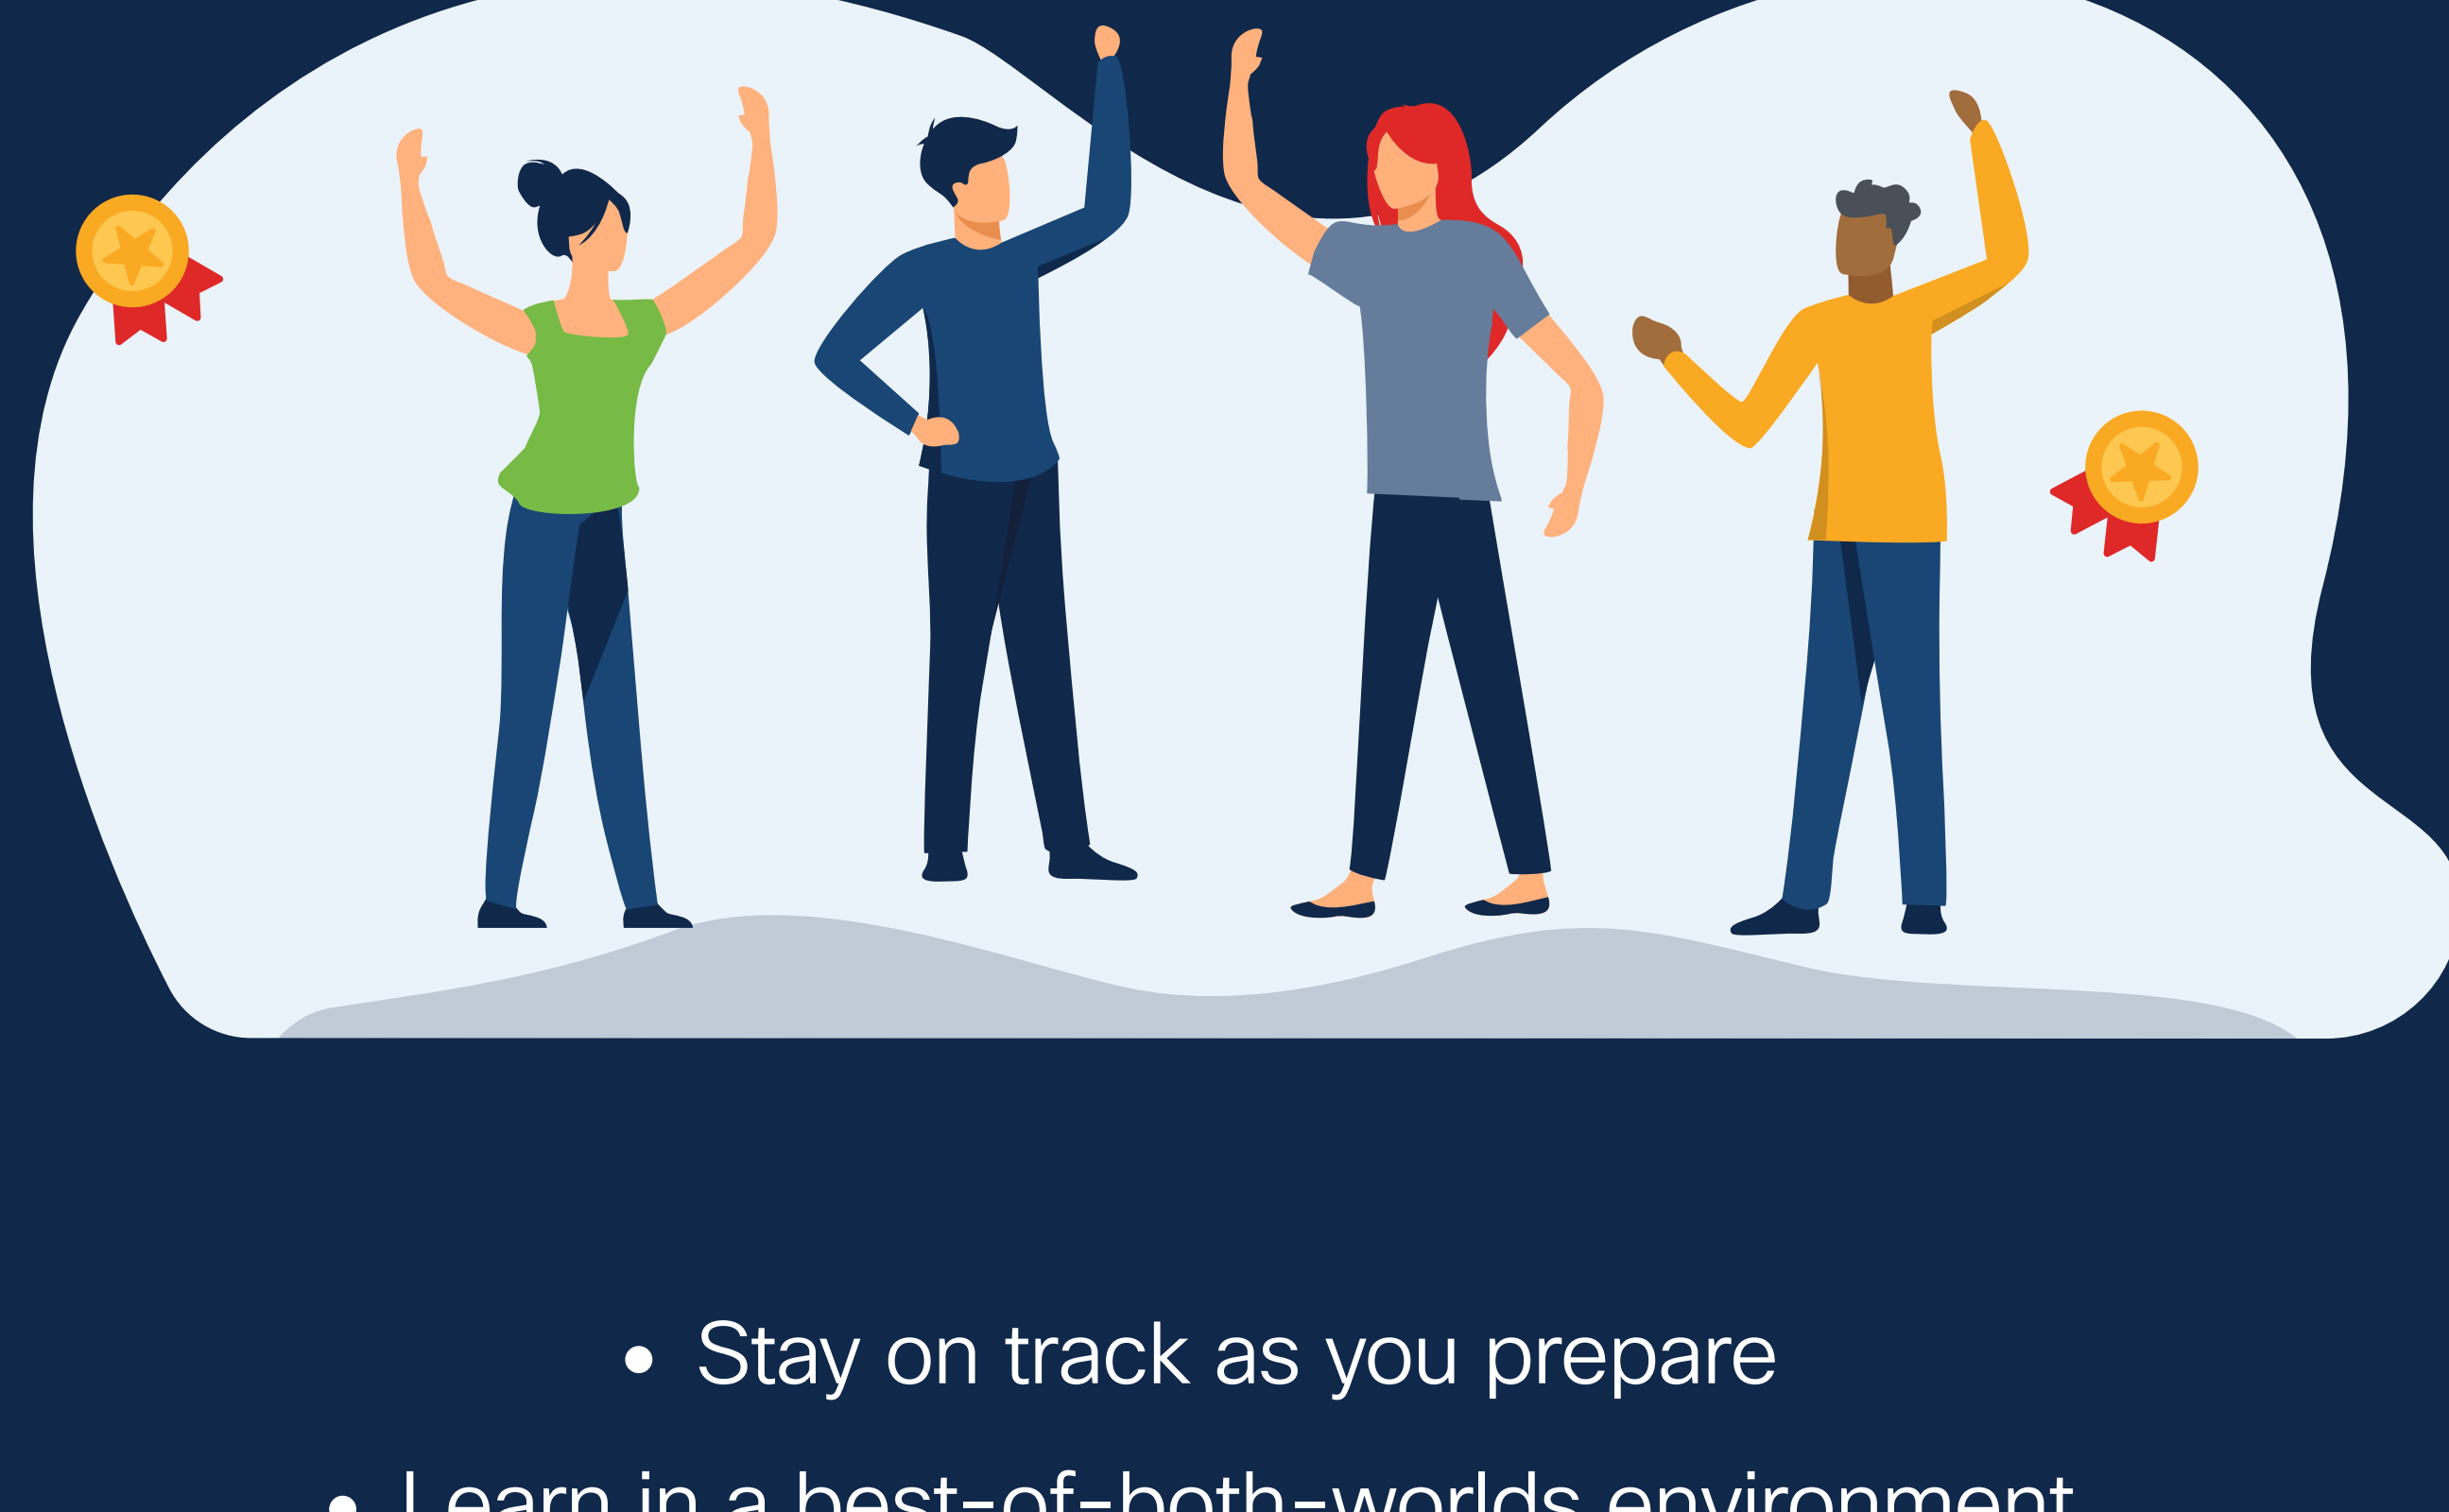

The structured schedule keeps you moving forward

Self-paced e-learning lets you study and practice on your own schedule

Cisco certifications launch careers. Guided Study Groups take the guesswork out of your preparation.

- Stay on track as you prepare
- Learn in a best-of-both-worlds environment
 - Build your personal network
- Gain confidence and knowledge going into your exam

Fast-track your exam prep by joining a Cisco Guided Study Group today
