

How to Obtain a Universally Unique Device Identifier (UUID) for Cisco Unified Communications Manager (CUCM)

Contents

[Prerequisites](#)

[Obtaining a Universally Unique Device Identifier \(UUID\) for Cisco Unified Communications Manager \(CUCM\)](#)

Prerequisites

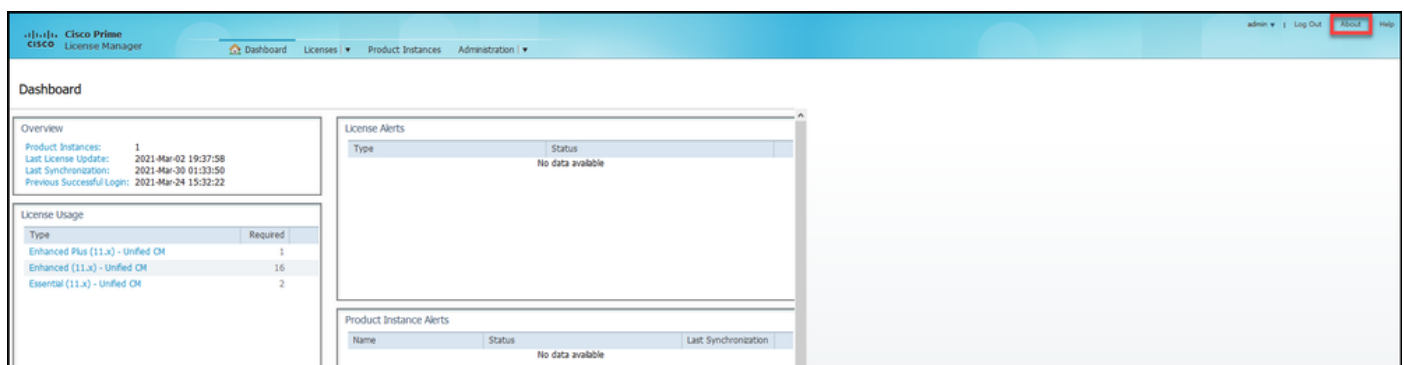

Before you start, ensure that you have installed licenses on the Cisco Prime License Manager (PLM).

Obtaining a Universally Unique Device Identifier (UUID) for Cisco Unified Communications Manager (CUCM)

Step 1:

In **Cisco Prime License Manager**, in the top right corner of the page, click **About**.

Step result: The system displays a pop-up window.

Step 2:

From the pop-up window, copy the **Registration ID** which represents the universally unique device identifier (UUID) on the License Registration Portal (LRP).

Cisco Prime License Manager
